OPEN WATER SCUBA COURSE

Pre-Requisites

In order to take in a course you must complete a medical form passed out on the first night of class. Please go to <http://www.wrsc.com/downloads/10%20-%20Medical%20Guidelines.pdf> to print a copy.

The medical form should be evaluated by the student (or parent or guardian if under 16) prior to the initial pool session and must be completed prior to diving on SCUBA. If you indicate **YES** to any of the question, you **MUST** consult with your physician prior to the start of the course. **YOU HAVE TO ANSWER THE QUESTIONS COMPLETELY TRUTHFULLY OR IT COULD RESULT IN SERIUOS INJURY TO YOU OR THOSE DIVING WITH YOU.**

In order to certify, you will be required to take a minimum of four open water dives and for some agencies you must have a minimum requirement of total underwater time.

Other certification requirements

- You must pass all pool skills
- You must complete all course assignments and if homework is assigned it needs to be completed prior to the class it is required for. You cannot partake in the training that session and you will have to repeat that portion of the course at your own expense. Courses are taught in a specific sequence and the home study is a key part of the sequence.
- Pass the required written exam.
- You must be able to transport / carry your own equipment while on the pool deck
- Be 12 years or older
- Complete a medical questionnaire (if you are 12 – 15 parent or guardian must sign a waiver)
- Pass swim assessment by the end of course to include agency dependent constraints: 10 – 14 lengths of average swimming pool (no time limit), tread water / float for 10 min, and tow an inert diver 25 meters.

Additional Course Comments

Training is progressive, if you may miss a night you must make arrangements with your instructor to make up the class (i.e. come early next night). A fee of \$25.00 may be required for any night you miss.

The Open Water Check Out Dives will take place at various places and will consist of a minimum of 4 but we offer 5. These will take place one weekend over the summer. If weekends are not possible other arrangements can be made.

Depending on the instructor's evaluation of the student, you may need more than 5 dives, if so a charge of \$20.00 per dive will be levied and you have to rent your own equipment. We offer about 10 dive opportunities (weekends) and you must pick a weekend and satisfactorily complete a minimum of 4 dives. For certain agencies you must also log a minimum amount of underwater time in order to be certified.

A bonus 5th dive provided free of charge on the weekend you have chosen. All dives must be done in the weekend you booked. For example if you choose to do only 4 dives you cannot come on a different weekend to complete a 5th dive.

If for a suitable reason (personal or skills not proficient enough) you are unable to complete the current course (subject to instructors' decision) you will be invited to partake in the next course at no extra cost. If you withdraw from the course for medical reasons, refunds will be prorated based on the portion of the course you have completed and a Doctor's note is required.

Your \$150.00 Deposit is **not refundable** except for medical reasons that are a contraindication to SCUBA diving, and a Doctor's note will be required.
